

Underage Policy

Last updated: May 26, 2026

At Romantic AI we are committed to ensuring that our Website is used responsibly and safely by users who meet the legal age requirements.

The Website provides access to AI-generated content for users who meet the legal age requirement. Therefore, users must be at least 18 years old or of legal age in their country of residence to access and engage with such content. By using the Website users affirm that they meet the minimum age requirement and are legally permitted to access adult content.

We have implemented several measures to oversee and prevent the registration of users not of legal age.

We are committed to ensuring that AI-generated content on our Website does not bear any resemblance to minors or exploit their likeness. For this purpose, we have implemented our proprietary content moderation filter to ensure full compliance with our Terms and Policies.

1. Registering

When registering on the Website, an initial landing page or age gate, strategically designed to restrict entry to individuals who are not of legal age is presented to the user. Prior to gaining access to the main content, users are obligated to confirm their age.

Users are prompted to affirm that they are above 18, and this information is used to verify their eligibility to access the website.

A transparent disclaimer emphasizes that users must be 18 years or older to

access our Website. Users are also notified that providing inaccurate information about their age constitutes a violation of our Terms & Conditions.

Romantic AI implements age-gating, moderation procedures, and compliance safeguards designed to prevent access to the Service by underage individuals. Users remain responsible for providing accurate information regarding their age and for complying with applicable laws and regulations relating to access to adult content.

2. Content responsibility

As a user of the Website, you are responsible for how you use and interpret the content generated by the AI Chatbots, including text messages, voice messages, images, and videos. The AI Chatbots generate outputs based on user inputs and system parameters, and Romantic AI does not guarantee the accuracy, reliability, or appropriateness of such outputs.

Romantic AI implements technical and policy-based safeguards designed to reduce the likelihood of generating content that violates applicable laws, regulations, or our Blocked Content Policy.

You must ensure that your interactions with the AI Chatbots comply with applicable laws, regulations, and our Terms and Policies, including the Blocked Content Policy, and you shall not use the Service to engage in any illegal, harmful, or otherwise prohibited activities.

If content generated through the Service is identified or reported as potentially violating applicable laws or policies, Romantic AI shall assess the relevant complaint and content on the merits in accordance with its Complaint Policy and shall take appropriate action within five (5) business days, including restriction or removal of content, suspension of access to the Service, or implementation of additional safeguards intended to prevent similar outputs in the future.

3. Content Moderation

We at Romantic AI value safety, respect, and integrity of all our users. While conversations between users and AI Chatbots are generally confidential, we have implemented a content moderation filter based on our proprietary LLM technology to ensure compliance with our Terms & Conditions, this Underage Policy, our Blocked Content Policy, and other applicable policies.

If the moderation filter detects or receives reports of content that may violate applicable laws, this Underage Policy, the Blocked Content Policy, or other platform policies, such content shall be flagged and assessed in accordance with our Complaint Policy. Romantic AI shall review the relevant complaint and content on the merits and shall take appropriate action within five (5) business days, including restriction or removal of content, suspension or termination of access to the Service, and implementation of additional moderation safeguards where necessary.

This measure is implemented to maintain a respectful and secure environment for all users. We strive to balance user privacy with platform safety and compliance with applicable legal and regulatory requirements, and we appreciate your understanding and cooperation in adhering to our guidelines.

4. Content Removal

Any content determined to violate applicable laws, this Underage Policy, the Blocked Content Policy, or other platform policies shall be removed or restricted in accordance with Romantic AI's moderation procedures and Complaint Policy.

5. Contact Information

If you have noticed any violation of this Underage Policy from your perspective, content of any nature whatsoever or you have any questions or require further clarification regarding our Underage Policy, please contact us

at: support@romanticaai.com.

6. Termination

Romantic AI may suspend or terminate access to the Website for individuals determined to be engaged in violations of this Underage Policy or applicable laws.
